DETAILED ACTION

Response to Amendment

The Office Action has been issued in response to amendment filed 31 October 2011. Applicant's Terminal Disclaimer filed 31 October 2011 has been approved.

Allowable Subject Matter

Claims 1-10 & 16-21 are allowed.

The following is an examiner's statement of reasons for allowance:

The following is an examiner's statement of reasons for allowance:

Prior arts of record do not render obvious, nor anticipate the combination of claimed elements including the technique of "...*a. a user terminal which generates a user request; b. a publicly accessible digital data communication network responsively coupled to said user terminal; c. a legacy data base management system having access to at least one data base responsively coupled to said user terminal via said publicly accessible digital data communication network; and d. a stored procedure having a sequence of command script statements responsively coupled to said legacy data base management system which is executed by said legacy data base management system in response to said user request*" as recited in Claim 1. Thus, Claim 1 is allowed.

Dependent Claims 2-10 are allowed at least by virtue of their dependencies from Claim 1 as well as Independent Claims 16 & 21 and their dependencies.

The primary reason for the allowance of the claims in this case is the inclusion of “...c. a legacy data base management system having access to at least one data base responsively coupled to said user terminal via said publicly accessible digital data communication network; and d. a stored procedure having a sequence of command script statements responsively coupled to said legacy data base management system which is executed by said legacy data base management system in response to said user request”, in combination with the other elements recited, which is not found in the prior art of records.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled “Comments on Statement of Reasons for Allowance.
